Happiness is a

A GALLERY GIRLS COLLECTION
AN SQP PRESENTATION

CAVE DRAWINGS...

Historians and paleontologists alike will tell you with some certainty that man and dinosaur never laid eyes on each other. They're separated by millions of years of evolution and a really, really big asteroid. Well, if that's true, then how did Fred and Wilma maintain their comfortable suburban lifestyles powered by dinos big and small? How did Raquel Welch escape the claws of a rampaging T-Rex in just a furry thong bikini? Is Godzilla some kind of urban myth? These are just some of the questions that have still stymied the scientific community! Even if (and this is big leap here!) man and dinosaur never existed at the same time, there is nothing that says woman and dinosaur never met! That's why we wanted to see what our group of international illustrators would do with the subject of prehistoric cave babes! We gave them free license to come up with all manner of savage sirens and rapacious reptiles! The result is the first collection of Primal Lust - a garantuan gallery of girls at the dawn of time!

Enjoy!
